

Dear HBS3HPR student,

Your feedback is very valuable in shaping the future of the human physiology and anatomy core and elective subjects. We very much appreciate you taking the time to answer these questions; however, please note that this is voluntary and anonymous. The survey responses will not be analysed until grades for HPR have been finalised.

For each question please choose and mark the response that best indicates your personal experience / opinion:

- | | |
|--|--|
| 1. On average, how many hours per week have you spent on this module, including watching online clips, self-assessment quizzes, reviewing notes and attending workshops? | |
|--|--|

- a. If you attended/viewed any of the workshops, how beneficial to your learning was/were they?

Not at all important	Not too important	Somewhat important	Very important
----------------------	-------------------	--------------------	----------------

- b. If you did not attend any of the workshops, what was your main reason for not attending?

--

Please rate the importance of the following parts of the exercise physiology module to your learning of the exercise physiology content:

2. Learning objectives	Not at all important	Not too important	Somewhat important	Very important
3. Student notes	Not at all important	Not too important	Somewhat important	Very important
4. Short video clips	Not at all important	Not too important	Somewhat important	Very important
5. Animations, YouTube clips	Not at all important	Not too important	Somewhat important	Very important
6. Optional self-assessment quizzes	Not at all important	Not too important	Somewhat important	Very important
7. Workshops	Not at all important	Not too important	Somewhat important	Very important
8. Forums on LMS	Not at all important	Not too important	Somewhat important	Very important

Feedback on the exercise physiology module

9. The content was communicated in a clear and understandable manner in the recorded clips	Strongly Disagree	Disagree	Undecided	Agree	Strongly Agree
10. The pace at which material was covered was	Too fast	Slightly fast	About right	Slightly slow	Too slow

11. Do you prefer:

- ☐ Module exams (held during semester at the end of a content module)
- ☐ End of semester exams (held during university exam period)
- ☐ No preference

What is the main reason for your preference?

12. Do you prefer:

- ☐ Online content delivery
- ☐ Face to face content delivery
- ☐ Blended learning: online content and face to face workshops
- ☐ Blended learning – different combination (explain your preferred combination in the box below)
- ☐ No preference

What is the main reason for your preference?

Feedback about your learning

13. I am interested in learning about this module material	Always	Usually	Sometimes	Rarely	Never
14. I see the relevance of this module to my educational goals	Always	Usually	Sometimes	Rarely	Never
15. I invest enough time and effort to meet/exceed the module requirements	Always	Usually	Sometimes	Rarely	Never
16. Overall, I give my best possible effort to learning in this module	Always	Usually	Sometimes	Rarely	Never

Feedback about this module

17. Material is well organised to help me learn	Always	Usually	Sometimes	Rarely	Never
18. Learning objectives are clear to me	Always	Usually	Sometimes	Rarely	Never
19. The topic self-assessment quizzes contributed to my learning	Always	Usually	Sometimes	Rarely	Never
20. The module exam was clearly connected to the learning objectives	Always	Usually	Sometimes	Rarely	Never
21. The instructions for working through the module were clear	Always	Usually	Sometimes	Rarely	Never
22. The amount of work required is appropriate to the learning objectives	Always	Usually	Sometimes	Rarely	Never

Feedback on the exercise physiology module

Summary feedback about this module

23. Overall the level of intellectual challenge in this module is	Very high	High	Adequate	Low	Very low
24. Overall the amount that I have learned in this module is	Very high	High	Adequate	Low	Very low
25. Overall the value of what I have learned in this module is	Very high	High	Adequate	Low	Very low
26. The overall effectiveness of this module is	Very high	High	Adequate	Low	Very low

Open-ended questions

1. Please identify what you consider to be the strengths of this module:
2. Please suggest any practical changes that you believe could improve this module
3. Feedback for other students: What advice would you give to another student who will take this module in 2020?
